

# CREATIVE **Woodworks** & CRAFTS

Modification to Gold Canyon  
Bobcat pattern featured in  
the February 2012 issue of  
Creative Woodworks & Crafts.  
Full Size Pattern

If cutting this pattern  
as a fret work piece,  
follow the dotted lines to  
cut out the shaded areas.  
If carving this pattern,  
lower the level of the wood in  
the two shaded areas, but  
do not cut all the way through.
